SMITH, 804 Third Ave., South Minneapolis, Minn., Chairman Executive Committee Minneapolis Study Club.

Beauty and strength in women vanish early in life because of monthly pain or some menstrual irregularity. Many suffer silently and see their best gifts fade away. Lydia E. Pinkham's Vegetable Compound helps women preserve roundness of form and freshness of face because it makes their entire female organism healthy. It carries women safely through the various natural crises and is the safeguard of woman's health.

The truth about this great medicine is told in the letters from women being published in this paper constantly.

Mrs. C. Kleinschrodt, Morrison, Ill., says:

"Dear Mrs. Pinkham:-I have suffered ever since I was thirteen years of age with my menses. They were irregular and very painful. I doctored a great deal but received no benefit. "A friend advised me to try Lydia E. Pinkham's Vegetable Compound, which I did, and after taking a few bottles of it I found

"Menstruation is now regular and without pain. I am enjoying better health than I have for some time."

 How is it possible for us to make it plainer that Lydia E. Pinkham's Vegetable Compound will positively help all sick women? All women are constituted allke, rich and poor, high and lowall suffer from the same organic troubles. Surely no one can wish to remain weak and sickly, discouraged with life and no hope for the future, when proof is so unmistakable that Lydia E. Pinkham's Vegetable Compound will cure monthly suffering-all womb and ovarian troubles and all the ills peculiar to
